

## 2023 ABAF Annual Report July 30, 2024

American Beiyinu Alumnae Foundation ("ABAF", 美國北一女校友基金會) celebrated its fifth anniversary on May 31, 2024, with a mission to inspire and mobilize the Beiyinu alumnae in the United States and support the advancement of our alma mater and philanthropy.

Through commitment from the Board, and the dedication of volunteers, we have successfully created a platform with multiple channels that mobilize our alumnae to make significant monetary contributions to our alma mater and enable young professionals to thrive in building their networks.

### Accomplishments

ABAF collaborated with various alumnae associations and entities to deepen our impact. The synergy enabled many accomplishments, including but not limited to the following:

1. **The Restoration and Reuse of Guangfu Building:** ABAF received overwhelming responses to **【千手相攜, 光復再現】** and remitted a cumulative total of USD \$1,418K to alma mater in support of the project by May 31, 2024, involving 1583 alumnae who graduated from junior high since 1950 and high school from 1951 to 2021.   - A total of 122 donors, spanning more than 70 years from the Class of 1952 to 2005, participated in the **【綠園雙甲子, 相約光復樓】** homecoming event on 12/11-12/ 2023, to witness the grand restoration of Guangfu Building. An Honorable Donor Scroll was formally presented to alma mater as a historical document.

To take it further, an Endowment Fund has been established by ABAF in May 2024. We appreciate the opportunity to partner with 江學珠先生獎學金基金會 in collaboration with alma mater and to jointly move this long-term educational vision and objective forward.
5. Digital Innovation: The ABAF YouTube Channel was established in October 2020 for two goals - a funding source, and a broadcast/communication platform. AI generated videos and funding the first time ever worldwide livestream of 【綠園雙甲子,相約光復樓】 homecoming event are testimony of ABAF' s continued attempt to adopt new technology.
